Melbourne Cultural Trip: Friendship, formation and discovery

Nairana and Mirrabooka Study Centres helped a group of Year 9 and 10 students make good use of their winter holidays with a six-day cultural trip to Melbourne.

Twenty-four students travelled from Sydney, enjoying a road trip through picturesque parts of regional and rural Australia. For many of the participants, it was their first visit to Victoria's capital.

One of the main purposes of the trip was to meet nine Year 9 and 10 students from Melbourne who are beginning to take part in the activities and formation offered by Drummond Study Centre. The gathering provided an excellent opportunity for the Sydney and Melbourne students to get to know one another and form new friendships.

During their stay, the group explored a variety of Melbourne landmarks and cultural attractions. These included Lygon Street and Our Lady Star of the Sea, a parish church entrusted to priests of Opus Dei. The program combined sightseeing and recreation with opportunities for personal development, shared prayer and Christian formation.

The students enjoyed spending time together in a positive and supportive environment. Existing friendships were strengthened, new ones were formed, and many participants joined in the norms of piety as a group—some for the first time.

After six full days of travel, cultural activities and companionship, the students returned home with many good memories and a stronger connection between the communities associated with Nairana, Mirrabooka and Drummond Study Centres.
